

**Annual Youth and Young Adult Health Summit on the Education
and Prevention of HIV/AIDS**

The Annual Youth and Young Adult Health Summit on the Education and Prevention of HIV/AIDS will be held on June 25 – 27, at Suncoast High School in Riviera Beach. This summit is being presented by the Office of Black Catholic Ministry of the Diocese of Palm Beach, Palm Beach County Health Department, Comprehensive AIDS Program, Urban League of Palm Beach County and a coalition of agencies and faith-based organizations in Palm Beach County who desire to present a fun and exciting weekend to both train and educate young people on HIV/AIDS and to provide HIV testing. We expect to reach over 1,000 young people from diverse communities during this weekend, which coincides with the National Weekend for HIV testing. Professionals in the field of infectious diseases will address the audience during general sessions followed by breakout sessions where participants can ask tough questions about HIV/AIDS in a safe, nurturing environment. During the summit there will be two plays, a Step Show on Friday evening and a dance on Saturday evening and an inspirational service of commitment on Sunday, at 4:00pm in Suncoast High School Auditorium. For further information, please call Lorraine Lyles at (561) 775-9568 or Elizabeth P. Robinson at (561) 882-3254.
