Health Department Director Dr. Alina Alonso says, "Flu season is here but it's not too late to get vaccinated because the vaccine offers long term protection against the H1N1 virus."

As always, practice flu prevention:

- **Avoid close contact with people who are coughing or otherwise appear ill.**
- **Avoid touching your eyes, nose and mouth.**
- **Cover your cough and sneezes**
- **Wash hands or use hand sanitizers frequently to lessen the spread of respiratory illness.**
- **Stay home if you are sick.**
- **Get Vaccinated!**
