WELL WATER INFORMATION AND SYSTEM MAINTENANCE EXPO

The Palm Beach County Health Department Acreage Information Center is hosting a Well Water Information and System Maintenance Expo Saturday, August 14th from 10:00 am – 2:00 pm at Acreage Community Park, 6701 140th Avenue North, West Palm Beach, FL 33412.

Representatives of The Palm Beach County Health Department Water Programs will be on-hand to answer questions regarding regulatory compliance and provide guidance based on current EPA/DEP/PBCHD regulations. Local vendors will be available to answer questions and demonstrate products and services. Featured presentations on well water system maintenance and upkeep, how certain systems are best utilized, and the different types of systems available. Vendors will also answer questions about well drilling, well maintenance, well depth, filtration methods, and other related topics of interest.

Vendors are not affiliated nor endorsed by the Palm Beach County Health Department. Vendors interested in participating should contact Scott Harrison at 561-837-5933 before August 4th.

Visit www.pbchd.com or call 561-798-7082 for more information.
